

Careers beyond Gender

Join us at the upcoming SFRR Conference for an inspiring session, "Careers Beyond Gender." This session will be chaired by [Prof. Lin Mantell](#) and [Dr. Kasia Goljanek-Whysall](#), an expert in molecular biology and aging research and Vice-Dean for Equality, Diversity and Inclusion in the University of Galway, Ireland.

The panel will include:

[Prof. Patricia Otezia \(SFRR-I\)](#)

[Prof. Daniella Caporossi \(SFRR Europe\)](#)

[Prof. Chang Chen \(SFRR Asia\)](#)

[Prof. Carola Neumann \(SfRBM\)](#)

[Dr. Angela Mastaloudis \(Women in Nutraceuticals\)](#)

The session will explore the evolving landscape of scientific careers, breaking down gender barriers, and fostering inclusive opportunities for all. Through engaging panel discussion and their insightful perspectives, we will highlight the challenges, triumphs, and future of women in research and beyond. Whether you're an early-career researcher or an established professional, this session promises to be an invaluable conversation on shaping the future of science. Don't miss out!
